MERISH 3 UPDATES

Download all files from: http://www.hittraxmidi.com/downloads-and-tutorials/

IMPORTANT - Print instructions and read carefully before commencing updates. Keep instructions by your side and check off each point as you go.

MERISH-PC PROGRAM

Download PC and MAC versions of Merish-PC. Use Merish-PC to add song title, artist, genre, key and other information into your MIDi Files and MP3 backing tracks

UPDATE FIRMWARE

Firmware updates keep your Merish 3 up to date with bug fixes and new features. Updating Merish 3 firmware is easy.

• Download Firmware file **merishupdate.zip** and save to a blank USB
• Insert USB with saved file m**erishupdate.mhx** into PEN-HD slot in Merish 3
• Power on Merish 3
• DO NOT DISTURB OR POWER OFF MERISH DURING UPDATE
• Wait until update is complete (2 to 3 minutes) then power off
• Remove USB, wait 20 seconds then power on Merish 3
